

Oaklands Nursery

Organisation for drop off and pick up of children.

We have made the decision that we want to prioritise our children being able to attend school and to learn, whilst mitigating against the possible spread of the virus. In order to minimise contact and possible spread of virus we have made the following decision regarding arrangements for picking up and dropping off children.

Parents will no longer come into the classrooms; we understand that children could potentially be upset by this so hopefully the following plan will overcome any upset for them.

ARRIVAL at nursery (3 and 4 year olds)

- Parents bring children into the playground.
- Leave their coats on and they play outside, all staff will be outside and staff will be at both gates for security.
- Put lunch bags on trolley.
- Put any other belongings on bench.
- When all children have arrived they will go indoors, wash hands and carry on with their day as normal.

DEPARTURE from nursery

- Children will put on coats and collect belongings at the end their session
- Parents wait on playground and a member of staff will be at the door and call children to come out to parents.

ARRIVAL (2 year olds)

- Bring children to the front door where staff will meet you to take them through to the room.
- Children will wash hands when they come into nursery.

DEPARTURE (2 year olds)

- Staff will put children's coats on, collect bags etc
- Parents come to 2 year old room door and children will be brought out to them

This will take effect from Wednesday 18th March.

Thank you for your co operation and support
