Dear Parents/Carers

Important advice to stop the spread of flu

We have been asked by the Family Information Service to let parents know about the flu nasal spray which is free for children aged two or three on August 31st 2018.

The nasal spray is recommended by the NHS to help protect younger children and also to reduce the spread of flu to their family, carers and friends. There is no injection, just a quick and easy nasal spray from your GP.

Further information is on the leaflet attached. You can also find out more by visiting the following websites:

Yours sincerely
